FIG. 2

FIG. 3

FIG. 4

FIG. 5

FIG. 6

FIG. 7 is a cross-sectional view of the device 10, showing the internal components and the housing 18. The device 10 includes a housing 18, a base 34, a support 42, a spring 44, a plunger 46, and a piston 38. The housing 18 is shown in cross-section, revealing the internal components. The base 34 is a rectangular block that supports the device. The support 42 is a vertical rod that passes through the base 34 and the housing 18. The spring 44 is a coiled spring that surrounds the support 42. The plunger 46 is a horizontal rod that is connected to the support 42 and the piston 38. The piston 38 is a vertical rod that is connected to the plunger 46 and the housing 18. The housing 18 is shown in cross-section, revealing the internal components.
